

Heritage Open Days 2011

Friday, September 9 – Sunday, September 11

About Heritage Open Days

Heritage Open Days are an annual celebration of England's fantastic architecture and culture, one that offers free access to properties that are usually closed to the public or would normally charge for admission. This is a once-a-year chance to discover hidden architectural treasures and enjoy a range of tours, events and activities that will bring local history and culture to life.

Beeston and District Civic Society has been helped by the Bramcote History Group, the Friends of Bramcote Old Church Tower and the Stapleford & District Local History Society in organising local participation in Heritage Open Days 2011 in Attenborough, Beeston, Bramcote, Chilwell, Stapleford.
